Hughes Communications India Ltd., introduced its new Enterprise tariff plans for VPN Service under the HughesNet managed services portfolio. The newly introduced Service plans look to provide a one stop solution for all connectivity needs, better manageability and quality for the distributed enterprise.

Unveiling the packages, Mr. K. Krishna, AVP Marketing, Hughes Communications India Ltd., said, " Indian Enterprises have started to look beyond the metros and big cities for growth especially in sectors like retail, logistics, banking and finance amongst others. This requires them to get reliable and consistent connectivity across the country."

"We at Hughes believe in simplifying and demystifying the satellite as a medium. The recent advancements in our technology have made it possible to launch a VPN service that is of terrestrial quality and at near terrestrial pricing. "
