Personnel	Hughes Communications India Ltd. has announced its plans to introduce satellite broadband services in terrestrially underserved locations in the country, targeting the growing IT and Telecom service needs of SME customers.	
Hardware		
Software	Targeted at organizations with single and multiple locations, Hughes is looking to offer these services to customers who use the Internet to connect to remote locations and run critical applications like ERP (SAP, Oracle, etc.), Intranet applications, Web-based applications, Point of Sale applications, etc.

Apply Online Right Now. www.oilcareer.org	"Hughes has over the last few years offered products and services that cater to the needs of the enterprise market. However, with the maturity of the SME market, there is a need to create differentiation and offer solutions that map on to their business imperatives. Hughes SME division is thus poised to offer relevant and cost effective satellite broadband services as a large portion of this market does not have access to reliable connectivity options," said Amit Tripathi, Sr. Vice President and Head SME Business, SME Business, Hughes Communications India Ltd.
