

Propagation of Sanitation and
Hygiene
at
Government Schools

Implementation Partner : Rotary Club of Delhi Garden City

Projects undertaken for upgrading /
(re)developing toilets at government schools
in Delhi / National Capital Region to make
them functional and hygienically usable

1. MCD School at Anand Vihar

- School has 1200 children in 2 shifts, morning shift for girls and afternoon shift for boys.
- Existing toilet block was a single storey structure with 2 sets of toilets, one for boys and the other for girls.
- Each set has about 5 WC's (Indian style) and one wash basin.

Hughes Grant utilized for

- Building of one new block of toilets above the existing block
- Number of toilets increased to 2 sets of toilets on each floor
- Total of 20 WCs., one set of 5 WCs each for boys and girls on each floor
- Connected to first floor of classroom block via a supported steel bridge
